DIARY NOTES

ADD/A (Colonel White)

11 February 1952

1. Approved of [REDACTED] taking an over-all look at the ONE classification structure and of his talking to Sherman Kent regarding [REDACTED] grade. However, I told [REDACTED] not to make any commitments on super grades until our staff study on this subject was completed.

3. Met with Messrs. Wolf, Houston, Pforzheimer, Saunders, and Colonel [REDACTED] to discuss the upcoming budget presentation. It was agreed that Mr. Wolf would request the Deputies to witness a "dry run" on Saturday.

5. Approved of the publication of a new Regulation on "Time, Leave, and Pay" which is necessary because of the new legislation concerning leave. You will find that this Regulation contains more detail than is ordinarily desirable; however, it is used primarily by relatively junior administrative officers, clerks, etc., and does answer a multitude of questions which I have found answers to the hard way.
